Students review

1. Mohanapriya,

I had no idea about 3D printing when I joined. I just wanted to learn something new but then our trainer sir taught us everything so calm and precisely that it created interest inside me .I tend to find many new information about 3D printing

. We also did many miniature models and it looked so cute. I also got the best 3D printing student certificate. I thank the placement unit for such opportunity and my trainer Mr.Dilip Varshnay.

2. Jayashree,

Am from the first batch of digital marketing, I couldn't afford to go for such training hence I made use of this and learnt a lot about the field of digital marketing. I never knew advertising in Facebook and Google was so easy before this. This training has also tested my creativity in marketing. I thank my trainer Mr.Mayur Hatwar who encourages us every time.

WRITERS' CORNER

“The true alchemists do not change lead into gold; they change the world into words”.

HAPPINESS!

Are you upset?

Worried about your appearance?

Sick of doing the same thing?

Every lock has its own key.

Maybe you've just lost your key.

Sometimes, patience might be the key to it.

So, smile and spread it.

‘Happiness can never be brought unless shared.’

THANK YOU!

Thank you for staying by my side, when no one was there

Thank you for believing in me, when no one else did

Thank you for standing up for me, when I didn't stand up for myself

Thank you for preventing me from going back to toxic people, when I wasn't able to realize their toxicity

Thank you for putting up with me, when I was being mad at you

Thank you for helping me find myself, when I felt completely lost

We might not meet and hang out every day, but I know that you'd always be there for my 2 am rants and 2 pm chats.

Thanks for everything, my best friend!
