

STRATEGIC PLAN

The Institution draws its Strategic Plan with the objectives of enhancing the core components and to fulfil its Vision and Mission.

Quality in Academic

- ❖ To introduce interdisciplinary multidisciplinary programmes in emerging areas.
- ❖ To introduce value addition courses to enhance employability of students.
- ❖ To inculcate self-employment by imparting entrepreneurial skills.
- ❖ To adopt present and future technologies and methodologies in the curriculum.
- ❖ To Collaborate with National and International institutions of excellence in education.

Quality in Teaching and Learning

- ❖ To upgrade UG departments to PG departments and PG departments to research departments.
- ❖ To introduce courses that are globally recognised, socially relevant and futuristic.
- ❖ To adopt outcome based education and implement it in the curriculum designed for teaching and learning.
- ❖ To develop e-content for Courses offered on the NPTEL/ SWAYAM Portal.
- ❖ To adopt Mentor-Mentee system to help the students realise their strength, weakness, challenge and opportunity to work positively and effectively.
- ❖ To focus on curricular and co-curricular innovations and collaborative community partnership.

Research and Consultancy Development

- ❖ To build a dynamic vibrant research culture in the Institution.
- ❖ To set up a Multi-Disciplinary Research and Consultancy Centre with state-of-art equipment to pursue research in the field of life sciences, physical sciences and social sciences.
- ❖ To facilitate faculty to take forward research projects by providing seed capital assistance.
- ❖ Promote research and related activity and to encourage staff to apply for Fellowships/Post-Doctoral research.

Infrastructure Development

- ❖ To augment the infrastructure facilities to introduce new programme.
- ❖ To upgrade infrastructure with adequate facilities to cater to academic and physical needs with focus on the Environmental sustainability and safety.
- ❖ To enhance digital documentation of records for future retrieval.
- ❖ To augment library services with information and communication technology tools.
- ❖ To set up Gym exclusively for staff, students and sports.

Enriching Talents and Multi Skilling of Students

- ❖ To develop individual talent, skill, knowledge, personal relationship, leadership quality and to equip the students with confidence to face the society.
- ❖ The students' individual innovative research efforts are incubated at the Institution itself.
- ❖ Providing training to acquire employability skills, encouraging to pursue internships and projects for successful career path and higher studies.
- ❖ To provide avenues for students to develop research aptitude and pursue higher studies at National and Global levels.

- ❖ To provide platform for entrepreneurship development of the students to be economical independent and socially confident.

Governance and Leadership

- ❖ To adhere to the transparent and participative management practices already in existence.
- ❖ To ensure smooth and efficient implementation of all policies and procedures.
- ❖ To introduce e-governance in all activities of the College.
- ❖ To strive towards quality enhancement and overall improvement in the imparting of education.

Instilling Social Values, Ethics and Responsibility

- ❖ To promote ethical values in all aspects to contribute to the sustainable development.
- ❖ To integrate social and ethical responsibility in the Institution.
- ❖ To celebrate cultural diversity (cultural inclusivity).
- ❖ To enhance energy conservation and eco-friendly practices in Campus.
- ❖ To provide equity and equal opportunities through inclusive education.
