Webinar on

Counselling stages - Egan's model

Resource Person

Dr. K. Malathi

April, 1, 2021 | Online platform
10.00 am to 12.00 pm

Meeting link: <https://meet.google.com/npt-xzsh-tfa>

Mr. FAIZUR RAHMAN SAYEED
Secretary, SIE Trust
Correspondent, JBAS college for women

Dr. SHANAZ AHAMED
Principal

Dr. WAHEEDA MATHEEN
Head, Department of Psychology

Ms. KAVITHA DHANARAJ
Co-ordinator

The Department of Psychology at Justice Basheer Ahmed Sayeed College For Women conducted a webinar on Counselling stages - Egan's Model on 1st April, 2021 at 10 am, and the resource person of the day was Dr. K. Malathi who is Counselling Psychologist & NLP practitioner.

Dr. Malathi enlightened us on certain counselling techniques and briefed us on the Egan's model of Counselling. Egan's skilled helper model is a 3-stage model or framework offered by Egan as useful in helping people solve problems and develop opportunities. The goals of using the model is to help people 'to manage their problems in living more effectively and develop unused opportunities more fully', and to 'help people become better at helping themselves in their everyday lives.' Thus there is an emphasis on empowerment. Also the person's own agenda is central, and the model seeks to move the person towards action leading to outcomes which they choose and value. This model is not based on a particular theory of personality development, or on a theory of the ways difficulties develop. It is a framework for conceptualising the helping process, and is best used in working on issues in the recent past and the present. As with any model, it provides a map, which can be used in exploring, but which is not the territory itself. The Egan model and mentoring are not synonymous; the model can be used in many kinds of helping relationships, and mentoring/co-mentoring can be done using other models, (or none!). The model can and should be used flexibly. The model works best if attention is paid to Rogers' 'core conditions', the helpers approach to the speaker being based on genuineness, respect, and empathy, and if principles of good active listening are remembered throughout. The Egan model aims to help the speaker address 3 main questions:

1. 'What is going on?'
2. 'What do I want instead?'
3. 'How might I get to what I want?'

Not everyone needs to address all 3 questions, and at times people may move back into previously answered ones. For simplicity, we'll look at the model sequentially. However, the skilled helper will work with the speaker in all or any of the stages, and move back and forward, as appropriate. She concluded the talk by stating that if the end point of producing an action plan has been reached, the experience of trying it out could be the starting point for a follow-up mentoring/co-mentoring session. The work would start in stage I again, telling a new story. If an action plan had not been reached, that's fine too, and the model can be used over a series of sessions. She concluded the talk by stating that the key in using the model, as with any theory or model, is to keep the speakers agenda central, the individual in the foreground and theory in the background, and to use the model for the person, rather than vice versa. Followed by an interactive Q&A session with the audience, the webinar finally came to end.

DEPARTMENT OF MATHS

The Department of Mathematics conducted an online Inter-Class **Math poster, Creative math(Drawing competition) and poetry writing** competitions for the UG students on 17th April, 2021.

All the three events were based on individual events. The students were given preparation time prior to the event. The theme for the Math poster competition was 'Inventions by Indian Mathematician' and the theme for Creative math and

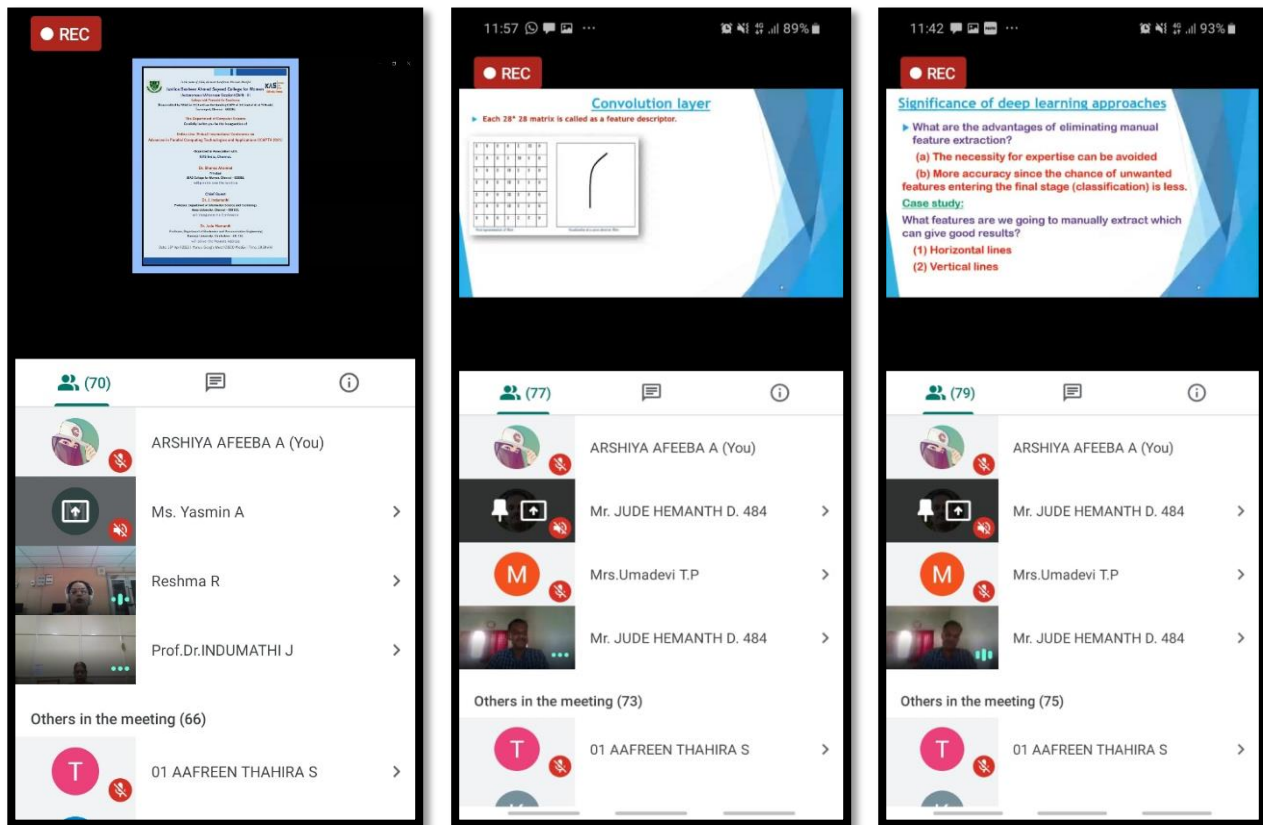

Poetry writing competition was 'Maths'. The medium of instruction for all the three events were English. The participants were asked to submit their work through e-mail . E certificates were provided to the winners and participants.

DEPARTMENT OF COMPUTER SCIENCE (AN)

The Department of Computer science organized an International workshop "Advances in Parallel Computing Technologies and Applications" (ICAPTA 2021) on the 15th and the 16th of April, 2021 from 10:30 a.m. onwards through the online platform Google meet / Cisco WebEx.

The guests of honour for the workshop were Dr. J. Indumathi , Dr. K. Selva Kumar and Dr.A.Kannan. The Keynote speakers were Dr. Jude Hemanth and Dr. A. Razia Sultana. ICAPTA 2021 discussed about the various aspects of advanced communication systems and networking including cloud, virtualization solutions, management technologies and vertical application areas. It also provides an excellent international forum for sharing knowledge and results in theory, methodology and applications in networking and communications. Advances in parallel computing has helped in this pandemic and it has existed for many years. It brings together the cutting-edge researchers from all over the world to present the latest and upcoming technologies and also provides an excellent international forum for sharing knowledge and results in theory, methodology and applications in networking and communications.

The Department of Computer Science has recognized this philosophy and has created a huge platform to learn and also paved a new path for students to explore various technologies.

DEPARTMENT OF ENGLISH LITERATURE (AN)

The Department of English conducted its Literary Fiesta 2021, Intra – Departmental and Inter-Departmental Competitions on 07th and 08th April, 2021. Owing to the restrictions imposed due to the pandemic, the competitions were conducted online. Spell Bee, News Anchoring and Enact (Dramatic Monologue) were the events held through Google Meet and Google Forms.

For the Intra-Departmental competitions, the prayer recital was done by Ms. Thaiyaba Anjum from the final year and welcome address was delivered by Ms. Sherryn Hannah from second year. The welcome address for News Anchoring and Enact was done by Mrs. Bhagathwar, assistant professor of the Department of

English (AN) and Vote of Thanks by Mrs. Amala Rani, assistant professor of the Department of English (AN). For News Anchoring and Enact, the students were asked to send in their pre recorded videos which were played in a live event held over Google Meet in the presence of the judges and the participants.

For the Inter-Departmental competitions, the prayer recital was done by Ms. Farheen Fathima from the final year and Welcome address was delivered by Ms. Sherryn Hannah from second year. The Welcome address for News Anchoring and Enact was done by Ms. Nihal, assistant professor of the Department of English (AN) and Vote of Thanks by Mrs. Amala Rani, assistant professor of the Department of English (AN)

The Spell Bee competition was conducted by Mrs. Ayesha Nabeela, assistant professor of the Department of English (AN) and Mrs. Airem Ayesha, assistant professor of the Department of English (AN). Ms. Elizabeth Rafferty, EFL Trainer, California and Emcee Rajesh, Born Entertainers, were the judges for the event News Anchoring. Dr. Shabeena Fareed, assistant professor of the Department of English (FN), JBAS College for Women, and Mrs. Khateja Nafeesa, assistant professor of the Department of English (AN), JBAS College for Women, were the judges for the event Enact. The students participated in large numbers. prize winners and participants were rewarded with mobile data recharges and e – certificates respectively.

person Mr.Gopu explained about Mammalapuram and other spots which attract tourists and even interacted with the students and clarified their doubts. The MC was done by Malavika of III BA TTM and Vote of thanks by Sri Shakthi of III BA TTM.

PLACEMENT UNIT

MM- infotech campus drive on 15/04/2021 at 9:30 am in seminar hall. Job description : banking voice process and Email support-day shift. Many students attended the programme and got benefitted.

- 1) TCS BPS campus recruitment

many students registered. The registration was limited. It consisted of NQT test-FEE WAIVER to connect with the placement officer for the same. The students were needed to register in NQT first with the "Activation code" which they receive from the TCS career portal. Hiring is scheduled to May 2021.

2) TCS smart hiring selection process -IT

TATA consultancy services. The registration for the service was on 10th April 2021 as it was the last day to register.

Students need to register in NQT portal first with the Activation code which they will receive in TCS career portal. Hiring is scheduled to May 2021.

3) Destiny reinventing education pvt.ltd. opening for software testing, oracle data management, full stack development, logistic, administration, HR and finance

4) i4 change

It's a HTP project which is Hire, Train and Place, where the students get trained and then will hit the workplace directly.

5) Global talent track held in April

Eligibility criteria: qualification BCOM /BBA /BBM final year students with minimum 60% aggregate.

Training period -40 days

6) Imarticus learning

It was a virtual campus drive all the process happened and the hiring is scheduled to May 2021.

7) Infosys

Selected students to be appointed or to be joined as System Engineer or Operational Executive. Many students from various departments have registered.

NATIONAL SERVICE SCHEME

As we all know the intensity and the level of seriousness of the novel coronavirus or Covid 19 is threatening and as per statistics - the highest number of covid cases seen was on 16 September 2020 with a number of 97,894 new cases. Since then, there has been a gradual decrease in the number of cases but it's started rising again as of now.

It's surely difficult to distinguish between what is true and what isn't due to all uncertainty and fake news surrounding it. To combat the various rumors on the application of the vaccine and about its side effects, we, the NSS Unit of Justice Basheer Ahmed Sayeed College for Women invited Dr.SindhuKoganti to address us on Covid-19 Vaccination: Acceptance and its Associated Factors. About 100 NSS Volunteers took part in this webinar and learnt many new ideas and information about the novel coronavirus.

Dr. Sindhura Koganti perused her Higher secondary education in Sri Chaitanya College, Vijayawada, her MBBS and MD in Dr.Pinnamaneni Siddhartha Medical college, Vijayawada, and completed her training on Lung Transplant in St.Vincent's Hospital, Sydney. She has 10 years of experience in her career and is well versed in her field. She works as a consultant Pulmonologist in FORTIS HOSPITALS. She has published many journals which include many case report and comparative studies.

Dr Sindhu mentioned how the virus infects the membrane of the alveoli (lungs) where respiration actually occurs and how that's the main cause of breathlessness due to Covid 19 virus that affects many people throughout the world. Dr Sindhu also spoke on the effects of Covid on the Heart and brain.

She mentioned many new precautionary measures and enlightened us of the various companies that produce the vaccines. She stressed on the importance of the getting the vaccine especially to those who are elderly as the chances of them being affected is more. She stressed on the reason behind why it's not advisable to wear mask while exercising or jogging.

Towards the end of the session, Dr Sindhu clarified the doubts posed by both the students and teachers. Everyone learnt a lot of productive information on the recent cases of Covid 19, the various precautionary measures that need to be ensured to stay safe and both the causes and consequences of it.

At the end of the webinar, we collected the feedback of various participants and here's what they had to say: «S.MAHALAKSHMI - "It was a very informative session." «K.Selva Kayathri - "It was a wonderful informative session." « Almas. N - "Good knowledge about the covid 19." «Nivetha. R - "It was a soulful session. Thank you." « Shahin Afshana - "Ma'am explain the covid -19 session clearly it was nice session thank you ma'am for the wonderful opportunity." « VARALAKSHMI.D - The seminar is very clear and useful. Thank you, mam." « Nadia A.N - "It was really interesting. An eye-opening session."

YOUTH RED CROSS

The Youth Red Cross of our college organised a First Aid Training Program for two days 1/04/2021 & 2/04/2021 virtually through Google platform. Pulavar Manickam, District Secretary Of IRCS Chennai was the speaker of the day . Nearly 80 volunteers actively participated and made the event a resounding success.

Our Youth Red Cross volunteers visited an old age home on 23 April, 2021 at Nagarpura Veettor Kappagam, with complete safety measures. We distributed hand sanitizer, mask, disinfectant liquids and soaps to the people in the old-age home, in order to help them in this pandemic.

April Month

Event : PRAGATI '21

Event Name : Eco - Pro (Creating /Designing an Eco - Friendly product)

Date : 01.04.2021

Timings : 10:30 a.m - 1:00 p.m

Platform : Google meet

Judges :

Dr. D. A. Shahira Banu

Dr. Summera Rafiq

Head of the Department
Department of Plant Biology
and Plant Biotechnology (F. N)
J. B. A. S College For Women

Head Of The Department
Department of Microbiology (A. N)
J. B. A. S College For Women

Aim of the event :

The main aim of this event is to encourage the students to make plant based products and to educate about sustainable development.

About the event :

Pragati '21 was held on April 01,2021 through the online platform G meet. The program started with welcome address and speaking about the Judges of the Event. Then the participants of both forenoon and afternoon, showcased their product and explained about it to the judges. About 100 Enviroclub students and teachers has been part of the event. The results were announced at the end of the event. The judges were felicitated with Thank you Card and Succulent plants as a token of gratitude. Trophies were awarded to the winner's on 8th April, 2021 in the College Campus following all the Covid protocols. This will motivates the students to make more in future.

Outcome of the Event :

The event provoked the students to think and make Eco - products out of plant based products. This will also make them to walk towards protecting the environment .

Winner's of the Event (F. N Session) :

- Shalini Das
- Pavithra. M

Winner's of the Event (A. N Session) :

- Jainaf
- Fathima Marzooka

Runner up of the Event (F. N Session) :

- Suhaila Banu
- Nowsheen Fathima

Runner up of the Event (A. N session) :

- Fathima Tabassum. I
- Reena Jenifer. J

Participants of the Event (F. N) :

Team - A	1) Shalini Das
	2) Pavithra. M
Team - B	1) Shaima
	2) Ayesha Sabrin
Team - C	1) Suhaila Banu
	2) Nowsheen Fathima

WRITER'S CORNER

When you cant see tears in your mother's
eyes, then how can you make your mother
earth cry?

By

Aafreen. A

I, BIO CHEMISTRY, FN SESSION

WHERE IS GOD?

Where is God?

Sounds similar, right?

Ofcourse, we're the ones who ask

Not knowing, he is inside us.

I saw a Women, feeding people on the streets

I bought some food and joined her,

Looking at the poor people, "where is God"? ,she asked

I looked at her and said , "here she is"!

I saw a man, weeping in front of the emergency ward
There was nobody , I went to comfort him
He said , he saved the boy from drowning
looking at the small boy, “where is God”? He asked
I looked at him and said, “ here he is”!

- S.Indhumathi

1st year BBA-B(AN)

FLY HIGH, AS THE SKY

Shine blue, like the sky shines,
With the aid of the sun and the moon.
Float as the cloud floats,
Until you reach your destination
soon.

Go as tranquilly as the day goes.
Never letting people know,

How near or far you can go.

As how the day changes into night,

Change your darkness into light.

Go high as you want to go,

With the strength of your will.

Stay colorful like the rainbow.

Let your happiness glow,

And make your desires come true.

Let your success scream loud,

And make your foe cry.

Let your dreams make your troubles blow,

And make you-

Fly high, blue as the sky.
