## **DEPARTMENT OF PHYSICS (FN)**

With an immense pleasure, in the presence of the faculty members and students of the Physics Department, the program began at 4:30pm on 26<sup>th</sup> February through Google meet platform, initiated by Dr.Raziya Sultana maam , Assistant Professor Department of Physics, who was the host of the day. The program began with a beautiful Qur'an recitation by Sana (II year) after which she rendered its translation. Mubashira Sabrin (III year) addressed the gathering. It was indeed a beautiful evening, for all the curious minds about the most awaited talk on astronomy.

The speaker for the virtual program was Ms.R.Anusha who is an alumni of the department of Physics and is currently pursuing her PhD at Western University , Ontario ,Canada. She gave us a wonderful talk on the topic, 'The unfamiliar night sky'. It served as an introduction from the evolution of a Star to the various types of stars and other deep sky objects that our galaxy owns.

The speaker gave us an insight into the importance of the HR Diagram in astronomy. She encouraged us to explore many websites which enlightens about astronomy and shared all that piqued her interest in astronomy. Finally, the spokesperson provided a much needed guidance on how to pursue astronomy as a post graduate degree and for research purposes. The session proved to be a great source of knowledge to the students.

The talk came to an end at about 5:30 pm. The vote of thanks was delivered by Ms.Sana (II year).

## **DEPARTMENT OF ZOOLOGY (FN)**

The post graduate and research department of Zoology organized an inauguration program for the freshers on 10-02-2021 in two Zoology labs.

The HOD Dr.Amthul azeez ma'am delivered the welcome speech address to the first years about our department teachers and gave a brief speech about the department.

After that the department secretaries have a glimpse about what is the role of core council and external council and the peoples of core-council and external

council, there was an interactive session at the last where the freshers expressed in which they are good at.

The freshers of our department got an idea of our department and what are they are going to go through, and this was the outcome of the inauguration program.

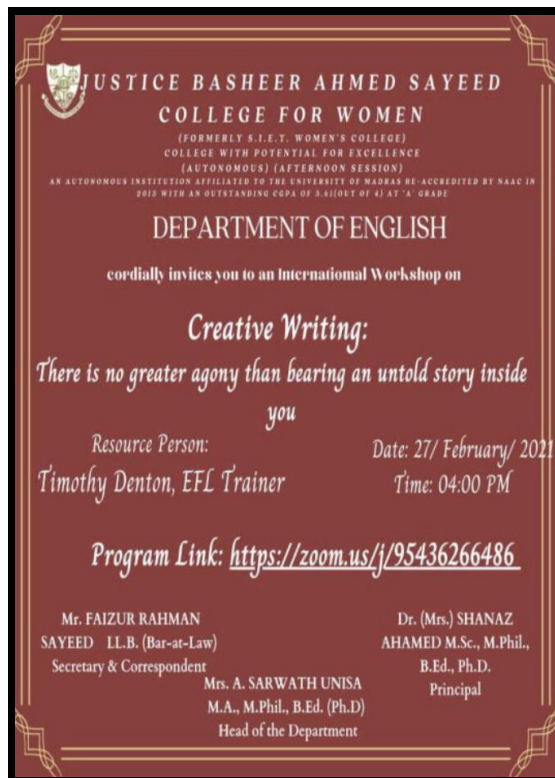

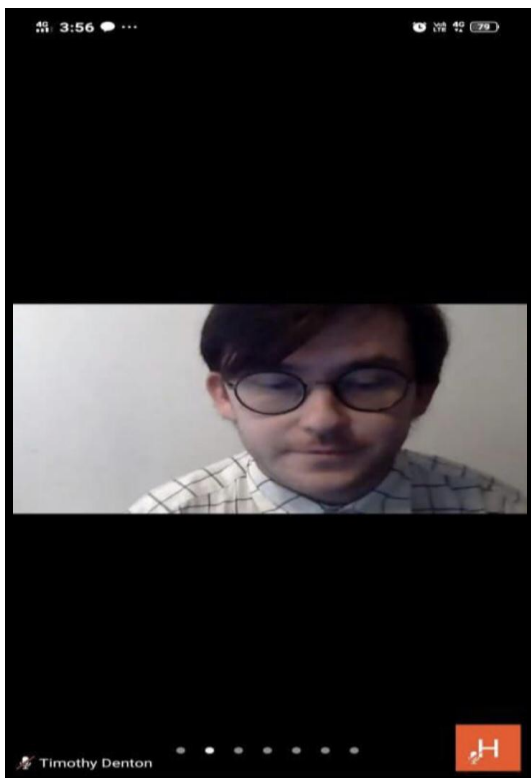

The inauguration program was done adhering to the protocols of covid-19 in two labs 40 in each lab.

**WRITER'S CORNER**  
**HARD-WORK**

Every day is a new game,  
And life will never be the same.  
If you wanna reach the sky,

You need to flap your wings to fly.

When tears roll, wipe them away,

For it will last only for a day.

In a success bridge, failure are the planks,

Don't give up until you reach its banks.

Don't focus on people's taunts,

For it it will never have count.

The world has a lot to say,

Never care, there's always a way.

No matter how you feel,

You just got to believe.

You need to close your sight,

In order to witness the light..

Always have a positive attitude,

You will be filled with gratitude.

It might be difficult but,

Work hard and never quit,

Just take a lead,  
You will definitely succeed.

BODY AND SOUL

A feeling of sadness and nothing,  
That won't turn into madness.  
Nobody feels any pain,  
As I stand in the rain.  
Where in this world,  
can I find someone whom I can hold?  
That can take whole  
Body and soul.
